EMPOWERMENT TO PLAN & EXECUTE EXCELLENCE

Dr. Tricia Travis

Founder and CEO of Celebrity Educator

In 2009, the Celebrity Educator organization was founded with the ultimate goal of igniting education by celebrating the passion of teaching while motivating continued excellence among our nation's educators. Since its beginning, individuals willing to network for personal and professional growth have enjoyed activities that promote excellence. These participants are leaders who recognize the value of the instructional position not only as teachers, but in many different professions that support our nation's students. We, the members of *Celebrity Educator, Inc.* reach out to you for your participation in the 2013 CE conference. Join us, as together our commitment, time and energy is **REFRESHED, RENEWED** and **REACTIVATED**.

Pam Carson

Celebrity Educator's Conference Chair

2010 Adele Graham State of Florida Coordinator of the Year

In partnership with Dr. Travis, and as the chair for the Celebrity Educator's Conference, it is my pleasure to navigate attendees through avenues of empowerment and networking. I joined this endeavor because of Dr. Travis' passion for believing in educators and her desire to motivate educators; but most importantly the opportunity Celebrity Educators has to pioneer setting the standards for celebrating individuals beyond their inner circle and with glamour and glitz.

Come ready to be Empowered! Energized! and treated better than a Celebrity!

General Session Empowerment Speakers

EL BROWN

Founder and CEO of KinderJam®

2012 Army Spouse of the Year

As a stay at home mom to a 18-month-old son when El noticed developmental delays in his progress, she designed a program to use with him at home. With a prompting of a friend, El decided to go to a local community center and share her program with other parents and little ones in their military community. The program grew quickly and other military spouses began to teach the program in their next duty station. El developed a training curriculum and started conducting classes in Misawa, Japan and Pigeon, Michigan. There are now 19 locations in eight countries.

Now, El provides *Proactive Parenting* workshops, manages KinderJam, consults on issues of military family lifestyles and advocates for early childhood education, early intervention, and parent education in the military community. El will share with you how nothing is impossible when you have determination, commitment and support.
